## SMALL WAR IN LONDON

FADE IN

EVENING:INT

Derrick rolls his car slowly and parks in the car garage and the automatic garage door slides to a close. He alights and closes the car door and ambles toward the connecting door into the house. He opens the door and heads to a connecting door to the stairs which leads to another door into the living room. His mother, Amelia sits sipping wine from a wine glass. Derrick greets his mother and slides onto the sofa. His mother nods to his greeting and watches him. She says,

AMELIA

"Welcome home, my son, how was your day?"

DERRICK

"It was dull, mum, I just want to go catch some rest"

AMELIA

"I have something to discuss with you, son"

(She places her wine glass on a side table beside the sofa and looks at her son)

DERRICK

"What do you want to discuss with me, mum?"

AMELIA

"It's about the family business, I think it's right time you know some things"

He watches her and listens) She continues.

AMELIA

"As the heir of the family drug business, estates and other businesses, it's pertinent you get closer to know how the businesses are run. I am not getting younger, you know".

DERRICK

"Mum, I understand what you want me to do, but I want to get my law degree, and I honestly intend to practice law."

AMELIA

3

"It won't stop you from acquiring your law degree, just plan to take over".

DERRICK

"I hear you mum. Let me concentrate on my studies. I believe I am not cut out for such business"

(His mother stares at him and shakes her head)

AMELIA

"Listen! son, Your father planned you'd step into his shoes"

DERRICK

"I will sleep on it, mother, just let me rest"

(Rising from the sofa)

AMELIA

"There's another thing"

(He stops and looks at her)

AMELIA

"Your dad appeared in my dream, he was trying to tell me something about his death"

DERRICK

"It was just a mere dream, mum"

AMELIA

"No, not just a mere dream, son. He tried to tell me that he was killed, then I woke up"

DERRICK

"Mum, but we all know how dad died, he died in a plane crash"

AMELIA

"That was all we knew, but we may not know all".

DERRICK

"Mother, please don't worry about it, nobody killed dad".

AMELIA

"I am worried about it, son, he looked very sad in the dream, maybe he wants me to do something"

"Now,mum,what do you intend to do?"

AMELIA

"I am not sure, son. I don't know, I might hire a private eye to check things out"

Derrick shrugs,gets ready to rise,with his two hands on the arm rests.

DERRICK

"Okay, that sounds good,it will help you kill your doubt about this new dream twist"

AMELIA

"I will contact a private eye to check,just to kill my doubt"

Derrrick stands and heads to his part of the mansion.

DERRICK

"Good night,mother"

AMELIA

"Good night,son"

She removes a cigarette from it's pack and lights it with a lighter. She drags and relaxes back on the sofa,deep in thought.The light from the chandelier hanging from the cieling casts a soft glow in the well furnished living room.

The weather is cool and it is the 7th month of the year.

"Hi, good morning, Olivia; how're you doing this morning?".

OLIVIA

"Hey Alison, I am good and you?".

ALISON

"I am very good; I saw that your rich admirer few minutes ago"

(Both smiling)

OLIVIA

"Please, who might that be?.I have no admirer to the best of my knowledge".

(Her face tight, no smile, not even a flicker)

ALISON

"The richest guy in the campus".

(They discuss as they walk towards the class.

CUT TO:

EVENING: PUB: INT

Derrick and two of his course mates and friends sit having a few beer in a pub at Mayflower pub in central London, next day .One of his friend is Owen while the other is Dave.Owen lifts his beer and sips a little and puts it back to the table. Derrick stares at the beautiful figure of Olivia in his mind eyes. He has this far away look in his eyes. Dave who sits near him taps his arm to wake him up from his reverie.Derrick shakes his head and smiles at his friend.

DAVE

"The thought of that girl might drive you nuts; I advice you slow it".

OWEN

"Honestly, I am worried for our friend; he's kind of loosing it. That girl have cast a love spell on him".

DERRICK

"You guys don't really understand what is happening to me; I hardly sleep few hours this days. Honestly I want to have that girl for me".

DAVE

"Then do something about it. If you love somebody; you got to let her know about it".

DERRICK

"I tried to, but she never gave me chance to even speak. She practically walked out on me".

OWEN

"Try again, she might be playing hard to get".

DERRICK

"Some girls in the Campus try in anyway they can to get my attention, but honestly I am tired of changing girls. I want to be with her' she is very responsible and reserved".

DAVE

"Yea, I agree with you; she is the most beautiful and responsible in the university".

OWEN

"Many of those girls are after you because of your rich background".

(lifts his beer and drinks some)

Suddenly a group of young men at a table, far end of the pub roar into laughter, all laughing happily. Derrick turns and glances at their table and shakes his head. They are happy and laughing, oblivious of the emotional hangover he is battling with. He turns to his friend and says coolly.

DERRICK

"To make things worst; it just occurs to me that if I don't act quickly, I might not have another opportunity. Final exam is around the corner and the clock is ticking rapidly and incessantly".

"You must approach her again; if she graduates, who knows where she might go".

DERRICK

"Friends, I am done talking about it for now; time for action".

DAVE

"What do you intend to do?, Derrick"

DERRICK

"I going to visit her in her home".

(Rising from his seat)

OWEN

"Her home?. Is that the best you can think up"?.

DERRICK

"Yes, and I want you to come with me".

DAVE

"Are you crazy, Derrick?".

DERRICK

"Yea, I am very crazy for her; now get up and lets go"

They obey without another word. (Derrick places three five pound notes on the table and they all head to the exit. Light music playing in the background. Derrick opens the door and they all step out onto the walkway, along Mile end road. The evening is growing older and car lights are on. Cool evening breeze caresses their faces as they head for their cars.

DISSOLVE TO:

FEW MINUTES LATER:EXT

Derrick drives a red Mercedes 4matic, and his friends, Dave drives an Audi convertible and Owen drives a Small BMW car as they drive along Bromley Road towards Olivia's apartment in the Croydon Area of Greater London. Some minutes later, the trio's cars ease to a stop near a small parking space. The neighborhood is cheap and clean. Olivia's Honda civic parks beside a red Morgan. The apartments are on three floors. Derrick alights and Owen and Dave do the same too.

They stand and scan the building which has MORRIS APARTMENTS written on a shinning crayon on the wall above .Derrick slowly brings out a piece of paper and steps back to his car and switches on the roof light and scans the paper. They are in the right place.Her car is parked few feet away.Dave signals him to go check her up and knock on her door. Derricks asks them to wait as he begins to walk towards the stairs. At the door of Apartment Number M7, Derrick stops and waits few seconds. He gently presses the buzzer and waits.He re-adjusts his shirt and his heart starts to beat heavily,and more seconds which seems like eternity and his heart beats even faster.Few seconds of waiting, no one opens the door and he hits the buzzer again and waits. Another seconds of waiting and the door did not open. He turns and starts to go, his breath receeding back to normal and Suddenly a door opens few feet at his right and he stops. A heavy set girl with honey blond hair stands at the door. Derrick smiles at her and she reluctantly smiles back.

DERRICK

"Hi,I come to see the occupant of Apartment M7; but no one answered the door".

BLOND GIRL

"She works weekends, and hardly stays home; she is a busy person, hope she is not in trouble?".

DERRICK

"Oh no, she's my class mate in the law school".

BLOND GIRL

"Oh I see,sorry you are out of luck".

DERRICK

"I will check on her some other time; thank you for your time"

BLOND GIRL

"You are welcome"

(smiles friendly now)He starts to walk to meet his friends.They enter their cars and begin to drive back the road they came. Derrick continues to drive, his mind deep in thought, his car slowly leaves its lane . Suddenly an oncoming car blares its horn and desprately swerves away from Derricks car. He quickly steadies his car and concentrates on the road as car lights from oncoming vehicles shines from the opposite direction.With his right hand he rubs his eyes to remain more focused.

DISSOLVES TO:

In the living room, Derrick's mother, Amelia Bell stands and talks to someone on phone near a mahogany table in her well furnished living room. She is in her late forties, and about five- six tall. She smooths back her honey blond hair, which has no gray . A cigarette burns slowly between her fingers. She listens to the person at the other end talk, then shakes her head and says.

AMELIA BELL

"you are late to supply and our customers are complaining".

She listens for few more seconds and angrily says to the other person at the other end.

AMELIA BELL

"No one keeps me waiting; we must deliver to our customers within the stipulated time. Get the stuff ready for delivery. One week wait, get it?; just only one week".

(She cuts call and places her cigarette between her lips and drags and blows smoke up to the ceiling, She stares at an unseen object on the wall and suddenly snuffs off the cigarette in an ash tray and walks to her bedroom) Few seconds on, Derrick's car pulls to a stop in the garage and he kills the engine and alights and heads to the front door. Some men can be seen in different locations in the background, milling about with guns in hand. Amelia's hench men, guards the house and the house is a two story beautiful Garden house in the Kesington area of London. The nearest house is about four hundred yards away. Derrick beckons to one of them and waits as the bulky fellow quickly walks to where Derrick stands. They speak briefly in hush voices and the man nods and Derrick starts to the entrance door. He enters and closes the door and begins to ascend to the part of his space in the house, instantly his mother emerges from the other side of the house, she wears a rose pink night dress. Her nipples press hard to the night wear. He greets her and wants to quickly walk on but she calls his attention.

AMELIA

"Son, how was your day?; you look sad. What's troubling you?".

DERRICK

"Mum, I am okay; just had a bad day".

"Sit down, son; we have something to discuss".

(Derrick slowly slides onto a sofa) The lights in the living room are dim and the ceiling fan spins from the ceiling. She gently sits on a single sofa and stares at her son. Derrick tiredly yarns and waits for his mum to speak. Amelia smiles at her son then momentary silence falls across the room. Only Derrick's tired heavy breathing and the second hand of a wall clock which ticks on the wall and the spinning fan from the ceiling can be heard. Low lights from a chandelier illuminates the room. The Television is not on and no other sound can be heard in the background. The curtains are drawn. Suddenly Derricks sighs heavily in frustration of his mum's silence. He is not in the mood for her talks now, he obeyed to sit so she won't get upset. Suddenly she says.

AMELIA

"Derrick, when do you plan to join the family business. I am not finding it easy running things alone"

DERRICK

" No mum, I am too tired to discuss this. I want to go up to my room and rest".

AMELIA

"Each time I brings up the topic; you find one excuse to avoid it. (Her voice angry instantly) I am pissed off whenever you shy away from your responsibilities"

DERRICK

"why are you saying this mum; I am yet to graduate and besides i told you I want to practice law and not interested in the family drug business. Mum you are always irascible and impudent when speaking to me, your son"

(smattered)

AMELIA

"Calm down, Derrick, I am getting old and weak; You must have to continue the family business line. Sorry i yell at you"

"Mother, please let me sleep and rest my mind;the day has been a bad one for me"

AMELIA

"Can we talk about it, son?.I am your mother and I want to see you happy".

DERRICK

"Mum, I promise; we'll talk about it in the morning. Right now, all I want is to lie down and sleep".

AMELIA

"Okay, good night my son;don't mind my yell at you.You know I have anger issue".

DERRICK

"Good night mum; it will be good if you try and hold your anger in check,people sees you as rude and arrogant"

AMELIA

"I am trying my son;I am working on myself"

DERRICK

"I am very tired mum; good night"

AMELIA

"Good night, son"

(Derrick rises and ascends the stairs to his side of the house.(His mother stares at his back as he lazily walks up the stairs. She shakes her head and stands to pour herself a drink.She pours a red wine in a glass cup and raises it to her lips and sips a little,quietly thinking.

CUT TO:

One of the security men with gun gently sits to the ground and lights a cigarette between his lips.His gun lies beside him on the ground.Another of his colleague walks to him from the left end of the garden house, to light a cigarette too.

BACK TO:

Derrick opens the door and enters and closes it gently. He switches on the light and walks to his bed and collapses unto it and lies across it, his mind racing in thought. The

room is furnished with modern decoration. He lay still, fully dressed and the only sound in the room comes from a ceiling fan. Amelia slides unto the sofa and starts to think about how best to talk to Derrick into joining the family drug business.

CUT TO:

MONDAY AFTERNOON: CAR: INT

Olivia glances at her watch and opens her civic Honda door. She wears a faded jean trouser and a blue and red checkered shirt. Her white blond hair, hangs to her shoulder. Her beautiful behind hugs her tight to her jean trouser. She bends a little to pick a pen that fell from her hand as she is clutching some law books in her left armpit. Derrick hastily walks towards her from the library, few distance away. He's been waiting, watching when Olivia will come out to drive home. He approaches her from behind.

DERRICK

"Hello Olivia"

(He says as he nears her) She quickly turns to see the person that greets her) He smiles handsomely and stops before her) she stands momentarily, and suddenly replies.

OLIVIA  
"Hi"

(And turns to her car door. Derrick clears his throat to call her attention but she is expecting he wants to say something more).

DERRICK

"please, can I have one minute of your time?".

(She stops and turns to face him)

OLIVIA

"What can I do for you?".

DERRICK

CON'T

"Olivia, I am sure going crazy for you; I hardly sleep well these days. You are always on my mind. My heart crave for you; please, be my girl"

(little smile plays on his lips and at the same time slides his left hand into his jean trouser pocket) (Her face very tight and she looks a bit angry)

"Sorry mister, I am not interested  
in a relationship. sorry"

(She slides into her car and starts the engine and starts to reverse. Derrick stands staring at her as she continues to reverse away from him. Dave and Owen stand some distance watching. Olivia levels the gear to drive and slowly drives out of the campus parking lot. Derrick rubs his temple and suddenly his red jacket becomes too heavy on him. He knows some students may be watching from a distance. Suddenly he quickly starts to walk back to his two friends. Dave and Owen chuckles and immediately tightens their faces, to show solidarity to their friend. It will be wrong if he catches them laughing. Suddenly other students pour out from another class, and immediately a girl Derrick had a fling with, starts to walk towards him as she sights him from the distance. Dave sees her first, and he signals to Owen and they turn to walk, so that Derrick will catch up with them. She is practically running to catch up with him.

EARLY EVENING: INT

The evening is cool, as light rain fell some minutes back. Olivia's friend, Alison slowly eases her Toyota car in the free parking space at Morris Apartments. She kills the engine and gently opens the door. Only few cars plus Olivia's Honda Civic park in the lot. She closes the door and ambles towards Olivia's Apartment. Alison wears a pink dress with flat black shoes. She is five-seven tall and busty, a red blond, just not very beautiful and not ugly and she is a bit plump. At Olivia's door, Alison presses the buzzer and waits. Few second's later, the door opens slightly, hold by a safety chain. Olivia sees her friend and quickly unhooks the chain and opens the door for Alison to step in. Alison enters and the door closes. They hug and smile at each other, and Alison lowers herself onto the sofa in the single room apartment. The curtain is parted and lazy sunlight filters through into the room. The lights are off, a ceiling fan spins from the ceiling and a law book lay on a small table at a corner. A small television set is on a small old wooden chest. Only a blue single and double sofa are the furniture in the room. Lines of law books can be seen on three couches of a wooden cabinet. Olivia smiles to her friend and sits besides her.

OLIVIA

"Welcome, Alison; how is your mum  
doing?".

ALISON

"Mum is doing just great; she's out  
to see her friend".

"Let me get you some orange juice  
from the fridge"

(Standing up)

OLIVIA

"Noo, don't bother, Olivia; just  
sit down, I have something to  
discuss with you"

(Pulls Olivia back to the sofa) Olivia glances up at the ceiling fan. The room is stuffy, in spite of the ceiling fan which spins from the ceiling. She stretches her feet before her and relaxes better on the sofa. Alison slightly turns to face her.

ALISON

"Olivia, something really disturbs  
my mind"

(Olivia turns to face her friend. She wears a blue short and a red cotton blouse. Her blond hair packed and is hold at the back with a hair clip.

OLIVIA

"What is the problem my friend?; I  
can see it in your eyes, that  
something is troubling your heart".

(Alison sighs heavily and holds Olivia's arm)

ALISON

"It's about my personal life; I am  
twenty-four and have no steady  
relationship. Only what the men  
wants with me is just a fling; in  
honesty, I am tired of it all. I  
feels lonely in the night; the  
disturbing thoughts of my past  
relationships keeps me up from  
sleep. Though it is wrong to call  
them relationships".

(Olivia grips her friends hand tighter and smiles at her)  
just that moment.

CUT TO:

Amelia slides into the back seat of her Lexus 350 and the driver slowly drives out from the garden house, and heads to Chelsea, to attend a business meeting. Derrick, lowers himself on the sofa in his living room and stares at the ceiling, in

DERRICK

15

"God help me; I am going crazy for Olivia.What do I do?, and she is so determined not to give me any chance".

BACK TO:

OLIVIA

"Look at me Alison;don't allow such negative thought into your heart again. The right man will surely come; when it's right time".

ALISON

"You may not understand how it hurts to know you are just wanted for few minutes sex. I am beginning to think I am the fault; maybe I don't know how to keep a man to love and be mine"

(She starts to sob lightly, tears flows freely down her cheeks. Olivia holds her friend by the shoulder and feels sorry for her)Alison puts her head on Olivia's shoulder and starts to cry even louder) Olivia then decides to allow her purge her heavy heart). Few seconds on, Alison straightens herself and relaxes back on the sofa.

ALISON

"sorry, this is an embarrassment.I couldn't hold it longer;I think unconsciously I needed a shoulder to cry on.

(Smiling now, Olivia smiling too)

OLIVIA

"Sometimes it is good to cry and purge the heart; no need to bottle it up inside. How do you feel now better?".

(Alison nods and dab her eyes with a handkerchief).

OLIVIA

"Now listen, my friend,love relationship is a journey; some are lucky with just little sad stories and experiences, and some are not so lucky. Some reaches their destination on time before others"

(Alison holds her friends hand and nods, like a child been lectured by her mother) Suddenly Olivia's Phone starts to ring, she excuses herself and walks to the phone, she lifts the reciever and speaks.

OLIVIA

"Hello"

(She speaks into mouth piece, a brief silence from the other end and in fraction of seconds, Derrick's voice comes on from the other end.

DERRICK

"Hello, Olivia, this is Derrick; I am sorry to bother you, but please can we meet to talk. I can't hold it any longer"

OLIVIA

"How did you get my number?. Please, I told you I am not interested. I am concentrating on my studies, final exam is around the corner".

(She steals a quick glance at Alison and Alison watches her, and Olivia's face looks bland and her voice cool.

DERRICK

"Please can we go out on a date; dinner, lunch, I..

(She cuts in)

OLIVIA

"Mister Derrick, sorry I am not interested in dinner or lunch date; I don't have the time for those, I am a busy woman".

DERRICK

"I am begging you to"..

(She cuts in again)

OLIVIA

"Sorry, and bye".

(She cuts call and and replaces the reciever to the phone and walks back to her friend, and slumps into the sofa and sighs)

ALISON

17

"Who was that?".

OLIVIA

"Mr. Rich guy in the campus".

(Alison gasp, mouth open in surprise)

ALISON

"Wow, different strokes for different folks. So many girls in the campus want to have a relationship with him, he is handsome with rich background. Why don't you want him, Olivia?"

OLIVIA

"Honestly, I am not ready for a relationship. Even if I am going to try in future; I don't think he is my kind. Almost all the girls from our university wants to date him".

(Olivia shakes her head in bewilderment)

ALISON

"My friend, I advice you think it over; he is crazy for you"

OLIVIA

"Please forget it friend, my heart is not ready now. I can't toy with my education and future. Please let's go out to the park; or wherever, I need some fresh air".

ALISON

"Okay, if you say so; my irrepressible and sedulous friend".

Olivia Turns to stare at her friend, smile plays on her lips.

OLIVIA

"Why did you call me that?"

ALISON

"Because that's what you really are"

(They both burst out laughing and

(Olivia walks to a drawer and brings out a blue dress and walks to her bathroom to freshens up. She emerges out later, dressed, and two of them descends the stairs and enters Alison's car.

The evening fast collapses into early night and the two friends drives out from the parking lot of Morris apartments. The car slowly joins the traffic at bromley road as they drives on, talking and laughing lightly in the car. Cars and double decker buses drive in the opposite direction. Lights from building and street lights illuminate the night.

Alison concentrates on wheel as she drives her Toyota car with Olivia in front seat. She cuts corners and enters Charing cross and heads to Orpington.

Their hands already clutching their pistols. One of Amelia's men walks to the back of the Ford van and climbs in, and lifts a briefcase and walks back

to where Amelia stands. One of the men who just arrived steps forward and another man stands at his back with a briefcase. Amelia signals to her man and he snaps open the latch of the brief case. The other man steps little closer and switches on a tinny torch light, and with a small switch blade, he pierces a cocain wrap and picks few powders with the blade, and sniffs it. He nods and signals his man to snap open their own briefcase. Wads of 50 pounds sterling notes fill the briefcase. Amelia lifts a wrap and checks, then nods. The briefcase shut and exchanges hands. she walks to her car and slides in and her men enters the Ford van and cars starts and all drives away peacefully. THE TIME IS NINE FORTY.

NEXT MORNING: EXT

DERRICK AND HIS FRIENDS, DAVE AND OWEN discuss in his living room. Time is 10 am and the day is Saturday. Dave wears gray suit with white shirt, black shoes, no tie and Owen wears blue jean trouser with red T shirt and red reebok. Derrick is in black jean short and white T shirt. The lights are on and light music plays from a sound system near the Led Tv. Dave crosses his leg and listens to his friend speak.

DERRICK

"I know you will be wondering why  
I called you here"

(Silence) Then Owen says coolly)

OWEN

"yea, I do"

(Dave remains silent, then Derrick clears his throat)

DERRICK

"You all knows my family business?"

(He lets it hang in the air) He waits for confirmation)

DAVE

"Yea, we know, Derrick"

(Owen nods without a word)

DERRICK

23

"I am under pressure to take over  
the family business"

(Dave recross his leg and stares at Derrick, waits for more elucidation.)

"What about your law practice?. You planned to work hard immediately you graduate and you are called to bar; to become the best Criminal Lawyer in London"

DERRICK

"Yes, I still dream that"

DAVE

"Then how do you hope to combine legitimate and illegitimate?".

Derrick sighs and and remains silent momentarily.He looks at Dave and Answers)

DERRICK

"I've been thinking"

OWEN

"Why am I not surprised?"

DERRICK

"I am thinking maybe we could combine the two"

DAVE

"I don't understand in the, we, Derrick".

Derrick rubs his eyes and cuts his eye to his friends who sit in different Sofas.

DERRRICK

"Listen pals; I'd love to practice law and at same time wants the money the drug business brings. Plenty of millions you know"

(He says for dramatic effect)

Owen shakes his head and stares at Derrick. Dave watches him in silence.

DERRICK

"What?, are you guys bewildered?".

"For the record, I never thought you have eye or plans to join your family business".

OWEN

"I am struggling to come to terms with this; I thought you are going to be one of the best incorruptible criminal lawyer in town".

(Derrick smiles)

DERRICK

"Listen my gees, Show me any Lawyer without impurities and I will show you a rich man without Crime"

DAVE

"Law profession is more honourable than illicit drug business".

OWEN

"Derrick, I am flabbergasted you could think this; trading your bright law profession for dangerous drug business".

DERRICK

"I am not going to trade one for the other; I am simply saying we combine both and get real rich".

DAVE

"Wait Derrick, you keep saying we; who are the we?".

Derrick flicks his finder at them, smile playing on his lips.

DERRICK

"You and you".

(Owen exclaims and springs up from the sofa)

DERRICK

"Sit down guy"

(Owen lowers himself into the sofa and stares at Derrcik, and Derrick continues, (CN'TD

"listen, gentle men; I want us work for some couple of years as rookies immediately we pass the bar exam, then form our own partnership and practice hard, at same time, we continue to run the drug business, using the law office as a front".

DAVE

"You definitely has gone bananas"

(Smiles a little)

DERRICK

"Yea, you already knows I am crazy; crazy for Olivia".

OWEN

"Not only Olivia; but you are crazy for money too".

(Derrick roars out laughing, but none of his friends joins him in the Laughter.

DERRICK

"Yea, you know I love money too. Without real cash how can a man get noticed in the crowd; money is power and I want us have that real power".

(Silence) suddenly he becomes serious.

DERRICK

"My mum is getting weak and will soon retire, and it is imperative I take over. I don't want to do it alone without you, my friends".

DAVE

"Derrick, why are you bringing us into it; you can run things as your ancestors did, without involving us".

DERRICK

"The organization will be stronger with you in it; and besides, it'll be easy for me as you are my best friends. We are almost inseparable".

"I love money; but not the one in the devil's locker".

DERRICK

"See it this way, we make plenty of duff in the white powder biz and clean it up by wiring the monies to Cayman Island and using offshore companies to invest in legitimate business everywhere".

DAVE

"I don't get you"

(Gets more interested)

DERRICK

"If we wire our monies to numbered accounts in Cayman and switzerland and the rest; then later, we can float some illegal and legal companies. Then the companies can be used to buy shares and investments in Companies across the globe to legitimize the whole thing".

OWEN

"In other words it won't be boodle any more".

DERRICK

"Yea, sort of".

(He relaxes on the sofa and watches his friends, the bait is wriggling and the hook is poised). Suddenly Dave says.

DAVE

"This won't be easy; I will think about your proposal".

DERRICK

"I sure you it will work out very fine; my mum is there to guide us and there are capable and trusted men working for her".

(Owen stands and yarns. He says

"I will think about it; it sounds tempting, who knows, I might be hooked".

(Dave and Derrick roars into laughter and Dave stands too, ready to leave)

DAVE

"We'll come together to talk about it again".

(He ambles towards the exit door and Owen joins him, while Derrick stands to see them off)

EXT: MORNING

FOUR DAYS Later, Derrick and his mum sit in the living room in their WestBrompton Garden home, talking when suddenly Amelia's phone starts to ring. Times is 1900 hrs. The Television is on and she signals Derrick to turn down the volume. The ceiling fan is not on but light from the chandelier illuminates the living room. Derrick with the remote control lowers the volume on the tv set and Amelia picks call on another ring.

AMELIA

"Hello, Javo, is the supply ready?".

(Javo replies from the other end)

JAVO

"No, not yet; We had some setbacks. I promise to deliver in seventy two hours".

(Amelia flares up)

AMELIA

"What nonsense are you talking about; I asked you to make sure the consignment is delivered on time, and now you are telling me crap and bull shit".

JAVO

"It's not our fault; not intentional, but some security matters which i needed to sort out before sending the stuff".

"Please don't tell me that crap; you failed us, you failed to deliver as agreed, and now you have the stupid courage to talk to me as if nothing is wrong".

JAVO

"Calm down, Amelia, it has not gotten to this. I will personally make sure the stuff is supplied in few days time".

AMELIA

"Don't tell me more bullshit; we are failing our customers by not delivering at agreed time. I paid you in full, so why this Balderdash?".

JAVO

"Calm down, Olivia, this is not war; I promise to fix it"

Amelia's anger burns more and she springs to her feet.

AMELIA

"Listen, you meat head; you bofoon, it's like war to me. You are deliberately fighting my business and, I warn you, If you want war, I, the Tigress will give you war".

(Derrick stares at his mum in bewilderment, he puts his right palm against his mouth, gives her sign to calm down, worries for his mum, but she continues in her ranting. He quickly springs to his feet and grabs the phone from her and says into mouth piece,

DERRICK

"Mr. Javo, listen"

(Suddenly momentary silence at the other end) Then Javo asks

JAVO

"Who is this?"

(His tick voice fills Derricks ears)

"I am Derrick, her son;I urge you to keep to your side of bargain and let this unnecessary heat die off".

JAVO

"Mr.Derrick,the delay was beyond our help; In fact, an enemy from another camp infiltrated our tight security and we had to take care of things first before supplying".

DERRICK

"I take you for your word;get this mix- up cleared"

JAVO

"Yea, I will..

(Suddenly Amelia wrenches the phone from Derrick's hand, VERY ANGRY)

AMELIA

"You either supply within forty eight hours or you return my money; you get it?".

(Javo erupts in sudden anger from the other end)

JAVO

"Enough of your bullshit woman; nobody talks to Javo that way. I can play it cool but if you insist on playing hard ball,then you are welcome".

AMELIA

"You dare shout at me;the Tigress, the Queen of the jungle. If you want war, I will give you war".

(She cuts call and breaths fast, tries to simmer down)

DERRICK

"Mum, that was too harsh;calm down. You should always try not to get worked up".

AMELIA

"I resent been spoken to so rudely; he is a fool to challenge me".

(She walks to the bar and pours herself a drink and gulps it down in one swig. She removes a cigarette from It's pack and places it between her lips and lights it, and drags furiously. Suddenly she turns and heads to her bedroom upstairs. Derrick stands watching her. Her royal blue gown sweeps the stairs as she ascends.

EXT: AFTERNOON

Olivia sits on her sofa, reading a law book. Suddenly she stops reading and lowers the book to her lap. She gets up and walks to the window and parts the curtain. From up there she watches Alison's car drives into the parking lot of the Morrison Apartment. Few seconds on, a black morgan drives into the parking lot too and parks. Olivia, withdraws from the window and walks back to the sofa and sits. She continues to read and some seconds later, the buzzer sounds somewhere in her room. She stops reading and hastily walks to the door. She opens it and peers out through the opening between the chain and door. Alison smiles at her from outside and Gianna, one of Olivia's friend and class mate stands at Alison's back. Olivia quickly unhooks the chain and throws the door wide open for them to enter. Alison steps in and hug Olivia, and Gainna steps in too, smile plays on her lips.

OLIVIA

"Welcome to my crib"

(Smiles at Gianna, hand forward for a Handshake)

GIANNA

"Thank you"

(She grabs Olivia's hand and shakes it gently) Gianna is about five- six and in her early twenties. She is trim and fit. Her hair is blond, blue eyes and she is very beautiful, with beautiful smile, almost as beautiful as Olivia. She is an Italian. As the visitors pass, Olivia closes the door and waves them to sit. She walks straight to her fridge and brings two plastic coke drink for them. Places the cokes on the table and sits near Alison.

OLIVIA

"Gianna, how is everything going?, it's been few days now I saw you on campus".

GAINNA

"All is going just good, my grand mum is ill and I took her to her doctor".

"Oh, how's she doing now?".

GIANNA

"She's recovering and resting".

OLIVIA

"Good. I wish her quickest recovery".

GIANNA

"Thanks".

OLIVIA

"Alison, how are you doing?. I called your number last night but it was unavailable".

ALISON

"Oh, I had low battery, so I switched off my phone to charge".

OLIVIA

"Okay, So how are you preparing for the final exams".

ALISON

"Hmmm, I have done my bit of reading, just waiting till monday to attack the questions".

DERRICK

(Amelia smiles and sips her wine again, then holds the cup and says to her son)

AMELIA

33

"That's a good decision my son, I have been hoping to hear you say this".

DERRICK

"I plan to pass my bar exam and practice law, Then brings my friends in to form a partnership. I hope we use the law practice as a front and at same time, run the family drug business".

AMELIA

"I like that, my son, the drug business brings in millions of Euros and pound sterling, it would've been disastrous if you refuse to take over".

DERRICK

Yea, mum, I thought it over and decides to join. After all it's all about money".

(She smiles and raises the wine cup to her lips and gulps the wine straight and places the wine glass on the table before her)

GIANNA

"Olivia, my birthday is coming up on Tuesday. I am planning a small party to mark the occasion. I want few friends to celebrate with me at my family home".

OLIVIA

"Oh okay, it'll be a perfect way to unwind after our final exam.

ALISON

"I can't wait to be at the party, I need a breath of fresh air. It'll be a big relief and cool way to relax my brain. Too much reading"

Suddenly, the thunder rumbles and the sky darkens, and in seconds it starts to rain. Olivia stands and walks to the window and shuts it as the rain starts to fall heavier. Alison lifts her plastic coke bottle and sips slowly, and places it back to the table. The room becomes darker, and Olivia snaps on the light switch and walks to the fridge and pick a coke for herself. The girls relax, talking and laughing.

JOHNSON SMITH

I plan to call him today, the pain in my leg is killing me. I need respite".

ELIZABETH

"Why not call him now, he might still make it here immediately the rain eases".

JOHNSON SMITH

"You're right, let me give him a call now, help me up".

(Starts to rise from the sofa, his wife holds his hand and helps him stand. He gently and painfully walks to the phone. He lifts the receiver and dials Dr. Freeway's number, and waits for it to ring. Elizabeth stands and walks to the window and parts the blind, and looks out through the window. The rain keeps falling rapidly and the thunder rumbles somewhere in the sky. Dr. Freeway comes on from the other end and Johnson speaks to him, almost shouting because the rain is falling heavier, and suddenly the thunder claps in the horizon. Elizabeth walks back to the sofa and sits. Immediately she sits, the electric kettle's timer goes off in the kitchen. She gingerly springs up and heads to the kitchen to make coffee. Johnson replaces the receiver and painfully and slowly walks to the toilet.

fifteen by fifteen space is dim and the laptop on his reading table glows, his phone is besides the laptop. The remaining white powder stares and waits for him on the table. He relaxes back to the burgundy leather reading chair and rocks gently in silence. The house is quiet, only the drops of the fading rain can be heard. Suddenly he smiles to himself and chuckles. He bends low to the white powder and sniffs more of the powder and straightens up again. Suddenly his phone starts to ring. He lifts it up from the table and picks call.

JAVO

"Yea,

(He snares into mouth piece, his tick voice fills the room) Amelia's voice comes on from the other end.

AMELIA

"Javo, this is the Tigress".

JAVO

"Yea, what can I do for you?".

AMELIA

"What sort of nonsense question is that, Javo. I need the supply immediately".

JAVO

"Hey woman, watch your mouth. I am not in the mood for your stupid talks".

Amelia becomes angry instantly, and her anger is noticed in her voice.

AMELIA

"Javo, you owe me supply and you have the audacity to call my talk, nonsense".

JAVO

"I no longer want to take any fucking insult from you bitch. If you make more noise I may never supply your stuff to you".

AMELIA

"Try me, Javo, Don't ignite my anger. You might get burnt if you dare".

JAVO

"oh, I hate women with small talks, too much noise and won't be able to stand when the storm comes".

AMELIA

36

(He laughs out loud) Amelia yells angrily and throws her mobile phone away unto the sofa. She furiously walks to the bar and pours herself a drink.She gulps it down instantly and removes a cigarette from it's pack and lights it. She

walks to the sofa and dumps her round ass, and furiously smokes. Suddenly she bends low, places her forehead on her palms, the cigarette burns slowly between her fingers, very close to her hair. She starts to think.

JAVO Looks at the phone screen as she stops talking. He stares at it momentarily and places it back to the table. He bends low and sniffs more white powder, and relaxes back to the burgundy chair and starts to rock on the chair again. Suddenly he says,

JAVO

"I'll have to teach you a big lesson, bitch.

(He continues to rock gently on the chair, his face hard and dangerous. He wears a black trouser with a white shirt, unbuttoned to the third one. His white singlet hugs tight to his hard body. He is Italian, thick and strong, no fat, about five-eight and late-forties with a brown color pony tail, clean shaven, thick jaw. There is an old scare on his left chin. Olivia chuckles and replies.

OLIVIA

"He haven't called again since the last time. He is so determined".

GIANNA

"Alice is so crazy for him, and he is wanted by so many girls on campus".

ALISON

38

"He is handsome and from rich background, so what do you expect".

GIANNA

"I notice he has eyes only for Olivia, I believe he loves you, Olivia".

OLIVIA

"The truth is, not that I don't like him, In honest truth I do, I more than like him but my fear is the too much attention he is getting from other girls"

Alison laughs softly, and says.

ALISON

"Someone is jealous, Olivia, look; if you search deep down, you will realise you love him".

OLIVIA

"I don't know but I do think of him sometimes, sometimes more than necessary".

GIANNA

"I suggest if you like or love him, you should give him a chance".

OLIVIA

"Please let's change this topic, I am afraid, I am not ready for a relationship".

Derrick emerges from the exam hall and watches the bevies head to the parking lot. He quickly walks towards them. Owen and Dave stand some distance from the door of the exam hall, watching. Gianna glances back and caught sight of the approaching Derrick.

GIANNA

"Guess who we have at our back?".

Alison looks back instantly and sees Derrick hurrying towards them, some few distance away.

ALISON

"Olivia, your guy is here"

OLIVIA

"I don't want to look back, please ladies, let's get out of here"

Derrick hastens up and calls from their back.

DERRICK

"Hey, ladies"

(He yells to them and quickens his pace)

He wears a black jean trouser and red tee shirt, red reebok and black face cap and a red leather jacket. Gianna whispers to her friends.

GAINNA

"See you at my house later, for the party. I will send the address to your phones".

(She walks away towards her car, glances back again to see Derrick very near to Olivia. Alison tries to leave but Olivia quickly grabs her hand and whispers to her to walk with her.

Finally he caught up with them and smiles handsomely at them.

DERRICK

"Hey, Olivia, can I have a moment with you please, in private".

Olivia stops and turns and looks at him, no smile. Instantly Alison, winks at Olivia and walks away a distance.

DERRICK

"Good afternoon, how are you doing?".

OLIVIA

"I am good, thanks".

DERRICK

"Olivia, I was wondering, now the final exam is over, what now? What do you plan to do?".

Olivia stares at him briefly, then relaxes her look.

OLIVIA

"I never know yet, I will have to see my parents, then, think of the next move".

DERRICK

"Please, can we have a date, maybe today or any time soon?. I can't stop thinking of you".

OLIVIA

"Mr. Derrick, why are you thinking of me. I don't get it"

DERRICK

"I am in love with you, Olivia. I can only be real happy with you in my life".

OLIVIA

"Hmmm this is serious, you have so many female admirers in this campus, why not choose one of them, for I am not one, as you can see".

DERRICK

"It's you my heart choose, please, let me love you with all my soul".

OLIVIA

"I am late to where I am going to. Thank you for your care, but I am sorry, I am not interested in a relationship".

(She walks off towards her car, parked few feet away. Alison starts walking to meet up with Olivia. Derrick stands for few seconds and turns to go meet his friends, who stand, waiting, watching from a distance.

CUT TO:

EVENING: EXT

Later in the evening, at Gianna's house. Alison drives slowly and stops at the parking space in the big compound. Other cars are already parked when Alison drives her car with Olivia in front seat, and parks near a black ford car. She kills the engine and they wait for a moment before opening the doors. Olivia alights first, then Alison.

Olivia stands and cut her eyes in all directions. The compound is big and a beautiful two story house stand magnificently some yards away. The house is Italian design and it is adorned with a lush garden at the right side of it. It is painted all white. Alison closes the car door and walks to join Olivia where she stands, looking at the beautiful house. There are other cars parked in the parking space and some other people can be seen discussing and laughing under a red canopy in the northern side of the compound. Some elderly men and women, some young girls running playing in the background near the canopy. Under another blue canopy, younger women seat with few men, while Olivia can see some law students from the campus gist and laugh. Some drinking, and suddenly the elderly people roars into laughter, laughing happily. Speaking in Latin. Gianna notices their arrival from where she bends catching up with a relative. She excuses herself from her interlocutor and walks to meet them. Olivia and Alison see her approaching. Olivia smiles and makes to meet her, Alison follows too. Gianna's red dress fits her trim frame and she wears a flat heel shoe. Her blond hair combed and parked backward. Olivia wears a royal blue dress which is slightly below knee length and her blond hair brushed backward. Alison wears a black trouser with black jacket and red blouse, her long hair flows down to her back. A red block heel shoe adorns her feet.

GIANNA

"Hi"

OLIVIA

"Hi,

(They embraces and Alison embraces Gianna too)

OLIVIA

"What a beautiful house you have here"

ALISON

"The house is very beautiful. Lovely"

Gianna smiles, and holds olivia by the hand and walks to where others sit.

GIANNA

"My grandfather built it many years ago, and it was passed over to my dad".

ALISON

"The house has opulence written all over it".

OLIVIA

"And those elderly people over there?,"

(Nods with her head at the direction of the elderly people, who sit under the red canopy.

GIANNA

"They are my relatives, my aunts and uncles. Mum and Dad are no more".

OLIVIA

"Oh, sorry about your parents".

ALISON

"It's a pity"

GIANNA

"Thanks. At the other canopy, are some friends from the Law school. Few are still expected".

The weather is cool and the evening is gradually receding, some lights are on, glowing from poles in various corners in the compound. It is getting close to sundown. The students from the law school watch as Gianna and her friends approach. On reaching the blue canopy, Olivia and Alison exchange pleasantries with other students from the law school. They pick their seats and sit, and Gianna walks off to bring food and drinks. Soft music plays from a speaker somewhere in a not far distance corner. Few minutes later, Gianna walks back to them and signals them to follow her.

GIANNA

"Come and meet my grandmother, I told her about you".

ALISON

"Oh, how is she doing?".

(Stands up to follow Gianna, Olivia stands too)

GIANNA

"She is feeling much better, she is resting in her room".

THEY WALK UP THE STEPS THAT LEADS INTO THE HOUSE AND OPENS a large Oak door. Inside, the large well furnished living room with expensive Italian marbles, and chandeliers which hang from the ceiling, beautiful Burgundy sofa and a big television set adorn the living room. The window is covered with beautiful curtains. A Mahogany table stands at a corner. Olivia and Alison eyes dart in all directions in the beautiful living room. Gianna waves them to sit and excuses herself to fetch her grandmother from her room.

ALISON

"Wow, this house is very beautiful inside and out".

GIANNA

"Thanks, Welcome to my humble home".

(She heads up the stairs to her grandmother's room)

Olivia and Alison gently sit on the sofa and wait for their friend. Few seconds on, Gianna precede a very small, frail looking woman down from the stairs. Her grandmother is eighty years and her hair is almost white with grays. She holds the railing and gently descends the stairs, little smile plays on her lips. Immediately her feet hits the floor at the foot of the stairs, Olivia and Alison rise up as if prior agreed. The elderly woman walks to them and, shakes their hands and smiles to their faces. Her name is Aida. She speaks.

AIDA

"Welcome my children, how are you doing?"

OLIVIA

"Doing great ma, and you, how are you doing?".

AIDA

"I am feeling much better, thanks for asking. You are all beautiful"

ALISON

"Thanks, happy to meet you, ma'am. Gianna has talked much about you".

AIDA

"Happy to meet you my daughters, she told me you are her good friends".

ALISON

"Yes, we are close. Gianna is a wonderful friend".

AIDA

"I am happy to meet her good friends, She rarely brings any one home".

(Gianna smiles)

AIDA

"Make yourselves comfortable, I hope to see you again before you leave".

OLIVIA

"Okay ma'am, we will be here when you comes back".

AIDA

"Gianna, serve them food and drinks, I will be back to talk with them more, before they leave".

(She starts to leave, up the stairs she ascends, she wears a white dress with some splash of red)

Olivia and Alison sit back to the sofa and smiles at Gianna,Who already walks off to bring food and drinks for her visitor friends.

EVENING: JAVO'S HOME:INT

JAVO sits on a leather chair in his study,and four of his men sit on chairs listening, as he talks in the large study. He smokes a cigar and an almost empty bottle of Jack Daniel with glass cups lay at their fronts on the table .The lights are on and door closed.The curtain on the only window is drawn and no other sound but the breathing from the men. At the other side of the door,his cleaner, Barbara. An elderly woman of late fifty quietly walks and stands at the door, eavesdropping to their talks.

JAVO

"Listen up everybody,I have a job for you.It must be carried out with caution and,I want no mistakes and you must leave no trail".

(The men nod in unison)

JAVO

"I want it quick and precise"

The first man whose name is Hawk speaks softly.

HAWK

"Who is the target boss?".

JAVO

"Just a small fry who wants to see what I can do"

(The men smile and Hawk who is second in command says)

HAWK

"Maybe the idiot did not inquire before upsetting you".

JAVO

"One fool who calls herself,Tigress.She challenged me,me,Javo".

(Hits his chest,his face hard and angry)

The second man whose neck is as thick as electric pole lowers his head and remains quiet momentarily.His head is clean shaven and thick beard covers his jaw.He is strong and hard,thick arms and his beards is very black. He lifts his head and his eyes dark and red.His name is Komodo.He says.

KOMODO

45

"Boss, who is the target in particular?".

"She calls herself, Tigress, queen of the jungle, and her real name is Amelia. Wife of that idiot you killed in a plane crash".

HAWK

"Where is her new location boss?".

JAVO

KOMODO

"That will be easy to handle, boss. She won't be a problem for us".

JAVO

"Magic Man and Terence will go check out her security and how many men are in her organization. While the rest of you plan on how to execute".

The other two men nod, the short and dark man is Terence while the other who is white and has wavy hair is Magic Man. Terence smiles and brings out cocaine from his trouser pocket and sniffs. Javo relaxes on his leather chair and drags on his cigar. He puffs smoke to the ceiling and remains quiet, watching his men.

NEXT DAY: EVENING: INT

Amelia sits on her sofa, a wine glass on her left hand, and she crosses her leg. A distant look in her eyes. She lifts the wine glass and sips slowly. She suddenly turns as she notices Derrick descending from the stairs. She glances at him and sips her wine. Derrick reaches the foot of the stairs and walks to her.

DERRICK

"Hi, mum, you relaxing?".

Amelia looks at him and forces a smile.

AMELIA

"Yea, son, I am just worried a little. Thinking of something".

DERRICK

"Mum, what are you worried about?".

AMELIA

46

"Business gone wrong, that idiot, Javo refuses to supply and he won't refund payment".

DERRICK

"What!, why'd he do that?".

AMELIA

"He challenges me to do what I can, he is mad".

DERRICK

"What do you plan to do, mum?"

AMELIA

"I am left with no option than to go meet him in his turf. The stuff is worth hundreds of thousands".

DERRICK

"I'll go with you, mum".

AMELIA

"No, son. I'll go with my men, in case push comes to shove".

(Derrick remain quiet and stares at his mum)

Amelia drains her glass and puts the wine glass down beside her right foot. She sighs and turns fully to her son.

AMELIA

"Sit down, son, I want to talk to you"

(Parts the sofa beside her) Derrick obeys and slides beside her on the sofa.

AMELIA

"Derrick, I am gradually growing old, I haven't seen you with any girl, don't you have a girlfriend?".

DERRICK

"Oh mum, why do you ask?"

AMELIA

"I've been waiting, praying for you to bring home a girl you wants to marry. I need a larger family, how long must I wait?".

(Derrick smiles richly and holds his mother by the shoulder)

DERRICK

"Relax, mum, I hope to"

CUT TO:

Early night,Olivia on phone,talks to Alison.Her back to the wall and she smiles as she says.

OLIVIA

"Alison, honestly, he is not giving up.I told him I am not interested and not ready but it seems my words falls on deaf ears".

ALISON

"Olivia,Derrick loves you,I suggest you give him a chance".

OLIVIA

"I don't know,honestly I am afraid".

ALISON

"Afraid of what,Olivia".

OLIVIA

"I like him but,can't find the link.My heart is kinda bottled up"

BACK TO:

Derrick parts his mother on the shoulder and rises from the sofa.

DERRICK

"There's this girl I love but she is not interested in me".

Amelia looks up at him and stands instantly.

AMELIA

"Who is she, and where does she lives?,why is she not interested in you?".

DERRICK

"She is a student from my law school,she just sat for her final exams".

AMELIA

"Where does she lives?".

DERRICK

" Croydon,Greater London"

AMELIA

"How much do you love and need this girl?"

(She fixes her look on his face,smiles softly)

DERRICK

48

"Mum, my heart craves for her, I think I love her so much".

(Amelia smiles widely and gently parts him on the shoulder)

AMELIA

"I think I like this girl already, I might have to look for her".

DERRICK

"What?, you can't do that mum".

AMELIA

"Relax, son, I just want to see her and maybe have one or two words with her".

(Derrick stares at her, mouth wide open, he shakes his head and continues to walk. Suddenly he stops and says to her.

DERRICK

"Not a good idea mum"

He smiles to her and starts to leave again and she says,

AMELIA

"See me in the morning, so I can show you the family accounts, the business accounts and everything you need to know about the family business".

DERRICK

"Okay, mum. Talk to you later"

(He walks off and she lifts a cigarette pack and removes one and places it between her lips, slowly sits back to the sofa. The cigarette hangs between her lips, unlighted. She relaxes her back to the sofa and starts to think many thoughts. Suddenly she stretches her right hand and picks up a lighter and lights the cigarette and starts to drag furiously, her mind racing in thought.

THREE DAYS LATER:EXT

Babara alights from a train at the train stop at a subway at Enfield. She walks quickly, glances at her back and cuts her eyes in all directions. She is just closed from work at Javo's mansion. Time is 4pm. She walks to a pay phone and slots some coins and dials a number from a small piece of paper in her hand. It starts to ring and she waits anxiously for someone to pick from the other end.

Amelia and derrick discus in the living room when the phone starts to ring. This is the third ring, Derrick lazily walks to the phone and lifts the receiver.

DERRICK

"Yea"

(He slurs into the mouthpiece)

BARBRA

"Bell's residence please"

DERRICK

"Yea, who is on the line?"

(He asks more lively now)

BARBRA

"May I be unto Amelia please"

(Derrick covers the mouth piece and looks at his mother who is already watching and listening)

DERRICK

"Mum, it's for you"

AMELIA

"Who is that?"

DERRICK

"Dunno, mum, a woman at the other end"

(Amelia walks to him and grabs the receiver and asks)

AMELIA

"Yes, Amelia here, and who is on the line?".

BARBRA

"Greetings ma'am, forget my name, just call to warn you".

AMELIA

"To warn me?"

BARBRA

"Yes, ma'am. Be careful and watch your back. Your life might be in danger".

AMELIA

"Please, who are you and why should I watch my back?".

BARBRA

CN'TD

"I feel obliged to call and warn you, someone might want to harm you"

AMELIA

50

"Thank you, for your concern.  
Please can you elucidate more. I am  
more confused than I ought to be".

BARBRA

"Ma'am, I am an old lady and I fear  
for my life. Uh I might know  
something about your husband too".

(Amelia's eyes widen.)

Barbra anxiously talks and wants to  
cut call and walk.

AMELIA

"You might know something about my  
husband?".

(Derrick practically springs up from the sofa and nears his  
mum)

BARBRA

"Uhh m,yes,I might know who killed  
him".

(Amelia's momentarily stares at the receiver in  
consternation)

AMELIA

"Please tell me what you know and  
how to locate you.Please we need to  
talk".

BARBRA

"I am afraid for my life, please I  
need to run, just watch your back  
and be careful".

AMELIA

"Hello,angel.. Hello, hello".

(The dialing tone hums in her ear, barbra is gone)

Barbra hastily walks off and disappears onto the next street  
and enters a bus at the bus-stop. She climbs the top deck  
and sits on an empty seat beside a young lady who reads a  
magazine. Barbra stares ahead,heart beating fast and she  
tries to relax.

BACK TO:

Amelia replaces the receiver to it's cradle and stares at  
derrick.in shock.

AMELIA

"Son, I think my dream is confirmed  
and a source confirms that your  
father was murdered".

(Derrick holds her arm and helps her to the sofa, amelia  
gently lowers herself and sits quietly)

DERRICK

51

"Mum, the woman said dad was killed?"

AMELIA

"Yes, and she warn me to watch my back. Said she might know who killed your father. Oh my Go".

DERRICK

"This is strange, dad died in a plane crash and now someone calls to say, he was killed".

AMELIA

"Derrick, your dad's Lear was brand new and his pilot was one of the best, we can never explain why and how his plane crashed".

(Derrick slides to the sofa besides his mother and puts his hand across her shoulder to support)

AMELIA

"That, I should watch my back. Who might want me dead?"

FEW DAYS LATER: EXT

It is on monday and Derrick and other students checked their results. He glances up from his sitting position in the school bar. His friends, Dave and Owen sit at the table too. A bottle of Heinekin is in Dave's front while Owen sips from a glass cup. A bottled water is front of Derrick. Derrick smiles and Owen says something funny and they burst out laughing happily. Derrick says.

DERRICK

"We all made good grades, now what. What is the plan?".

DAVE

"We agreed to work for few years in other firms to get more experience, then later we form our own partnership".

OWEN

"Right now, two firms want to recruit me. here in London".

DERRICK

"The law office of, Hubert and Tempsey is battling to hire me, but I don't know, this pressure from my mum to step into my father's shoes".

DAVE

52

"We must first get our law licences by passing the bar exam, before anything".

DERRICK

"Yea, I told her I want to practice for a while before I can take over the family business".

OWEN

"What'd she say?"

DERRICK

"She's not getting it, she is more interested in me joining to head the businesses".

DAVE

"Make her calm down and give you time to sort things out".

DERRICK

"I am worried I might not be able to see Olivia before she goes who knows where".

OWEN

"Derrick, you are so obsessed with Olivia. You can get another woman of your choice, any time. Remember you are a rich guy".

DERRICK

"Owen, you don't understand. You don't know how I feel about her".

AFTERNOON: EXT

A car with fake tag drives up a dirt road that leads to Bell's garden house. The black Land Rover slowly stops near a shrub and Terence alights from the back seat and sneaks up towards Amelia's garden house. He sneaks closer and waits by the shrub. Magic Man in the Land Rover waits and stares ahead. Terence slowly gets to the house. No one seems to be in sight. He scurries further and sneaks behind a thick flower. Instantly two men with gun emerge from the other side of the compound, discussing as they head to their duty posts. They are at a hearing distance of Terence. One loudly says to the other. "I will discuss it with Romeo and Matt Sledge when they get back". The other man nods and they part to different directions. Terence sneaks away from the flower and quickly gets to the Land Rover where Magic Man is waiting behind the steering wheel, engine running. He opens the door and jumps in and they drive off. Magic Man asks, Terence.

"What did you see"

TERENCE

"I only saw two men with guns, but I overheard them mention other two. I don't think the number of her gun men would be more than five or six".

MAGIC MAN

"Good, they will be no match for us. If possible we sneak in and garrotte her".

(Terence nods and smiles, his mind distance in thought on how best to carry out the mission) The Land Rover drives out from the dirt road and enters the expressway and heads home to Javo's mansion.

CUT TO:

FEW MINUTES LATER: INT

Javo sits in his office at the left wing of his mansion, before a large mahogany table, smoking a cigar. His head is oiled and brushed back. He wears a dark gray suit, no tie and a gold chain around his neck. He relaxes back on the large black leather chair and exhales. Throws his eyes to the door and drags the cigar furiously and puffs smoke up into the air and suddenly smiles to himself. A laptop glows on the large table and the air conditioner hums from the left side of the wall. Suddenly a knock at the door, Javo gently slides a drawer open from middle of the large office table. He gently lifts his Heckler and Koch p7 pistol and places it on his right lap, for easy pick. Another knock sounds at the door.

JAVO

"Come in"

(He says gently, his right hand on his lap)

The door gently opens and Magic Man slides in, followed by Terence. Javo, gently puts back the pistol into the drawer and drags on his cigar. His men greet him and stand waiting. He drags and puffs and holds the cigar between her fingers. His men patiently wait, they are used to it. Javo lifts the cigar and looks at it momentarily as if checking the name of the manufacturer. He stubs it off in an ash tray on the table and looks at his men.

JAVO

"How did it go?"

(His voice thick and hard) Terence answers.

TERENCE

54

"Boss, I saw two men and two other were mentioned by the men. From my estimation, she won't have more than six men".

(Javo sits silent, thinks for a while. Suddenly he rises from his seat and walks to the window and parts it a little and peers out. Few seconds, he turns to them with a stone face)

JAVO

"Change of plan boys"

(Magic Man and Terence nod without knowing the change of plan)

JAVO

"I want you to take her out, some where away from her home. Trail her, know her movement and bamm, you take her out where she will have just one or two men"

(Walks toward the table and he perches his but at the edge of the table and smiles dangerously)

MAGIC MAN

"Good idea boss"

(Smiles sheepishly)

JAVO

"I want it be on a lonely road. No witnesses, in-case any fool is unfortunate to witness. you know what to do. No traces. It must be clean and quick"

(Magic Man and Terence chorus)

"Yes, sir!"

JAVO

"I want it done soonest. I will talk to you about this again, later. I want to see all of you in my office five pm. Inform others".

(They nod and he waves them off. They file out of the office and he sits back on the chair and starts to peck on his computer)

DISSOLVE TO:

MORNING: INT

Derrick sits in the waiting area in an office, a beautiful white secretary of not more than twenty- eight types on her computer. Occasionally she steals a quick glance at Derrick and continues her typing. Derrick crosses his leg and reads a

newspaper. The place is not large. Office desk and the computer and a phone, long black leather seat for customers which can sit three people. A photo copying machine at a corner and a water dispenser. The space is about twelve by twelve. Suddenly the secretary stops typing and looks at Derrick. She brushes her dark hair with her hand and smiles. Derrick concentrates on his reading and gradually growing impatient of waiting. A door opens and a heavy set white female walks out of the office of Edwin Parker. A private detective. The heavy set woman smiles at the secretary and quickly glances at Derrick and walks to the door and opens and as she closes it behind, the phone on the secretary's desk beeps twice. The secretary, whose name is Anna stops typing and says to Derrick.

ANNA

"You can go in now".

(Derrick rises and places the newspaper on the desk and walks into the office, closes the door behind him)

Edwin Parker's office is as same size as the secretary's space. A large table and two leather chairs are before the large table. Edwin Parker sits on a large black leather chair behind the table. He is a middle aged man, bald in the front and grays are on the temple and his jaw is tick and shaven. Thick hand and neck, he is ex security agent. He smiles and waves Derrick to a seat and extends his hand and Derrick grabs his hand and gently shakes it.

EDWIN PARKER

"Welcome, Uh mm.."

DEERICK

"Derrick"

EDWIN PARKER

"Welcome, Derrick, what can I do for you, sir?"

DEERICK

"I want you to check something out for me".

EDWIN PARKER

"How did you find me, any referral?"

DERRICK

"A friend who knows a friend that knows you. Ashley Kirk"

EDWIN PARKER

"Oh, I see, actually, I normally prefer a client with a referral. So what can I do for you"

55

(Looking straight at Derrick)

DERRICK

56

"Its about my father"

EDWIN PARKER

"What about your father?"

(Watches Derrick with an eagle eyes)

DERRICK

"You see, my dad died in a plane crash many years ago. That's all we know, but just few days ago, an old lady called from nowhere, she asks my mum to watch her back and said she might know who killed my father".

EDWIN PARKER

"So you wants me to investigate"  
(Derrick nods)

EDWIN PARKER

"Derrick, it will be a very long digging for clues and answer"

DERRICK

"Yea, I know"

EDWIN PARKER

"Well I charge forty per hour but since you come with a good referral, I will take thirty".

DERRICK

"No problem, and I will pay cash. No records".

EDWIN PARKER

"That suites me".

(Derrick pulls out a wad of notes and counts twenty fifty bills and puts it before Edwin)

(Edwin Parker picks up the crisp notes and pockets them. He smiles at Derrick and puts his two hands on the table and leans forward.

EDWIN PARKER

"Now, tell me the name of your father, the day the old lady called".

(Derrick tells him all he know and Edwin parker nods after derrick stops talking)

DERRICK

"How long is this going to take?"

(Edwin Parker relaxes back to his chair and thinks briefly)

"Two weeks, maximum"

(Derrick rises and puts his hand forward, Edwin grabs it and they shake vigorously) Derrick steps out of the office and immediately he closes the door, Anna stops typing and smiles beautifully and invitingly at him. He nods and smiles at her and steps out of the office, closing the door behind. He quickly walks down a long corridor and stops at the lift. He calls the lift and in seconds the lift's door opens and he slides in and rides to the ground floor. Edwin Parker's office is at the sixth floor.

FOUR DAYS LATER: EXT

Amelia sits at the back of her Black Mercedes 4matic 350 Jeep. Her driver, one of her gunmen drives slowly out of the dirt road, away from her garden house. The evening is cool and the cloud is shade of gray. Slowly the driver rolls the Merceds out onto the express way and heads to Croydon, Greater London. SOME MINUTES LATER, the driver corners a bend and drives on, immediately the Mercedes 4matic 350 Jeep drives pass, a white Toyota starts and trails from a distance. Amelia punches a number on her cell phone and waits for it to ring. The driver concentrates on the road, oblivious of the White Toyota trailing some distance. Amelia listens as the phone starts to ring at the other end but no response. She redials again and places the phone to her ear but still no response. She cuts call and relaxes back to the car seat. Thinking her on thought. Couple of minutes later, the driver enters Covent Garden.

CUT TO:

Hawk and Davvy sit at the back of the White Toyota, while Jade is on wheels. Hawk says.

HAWK

"Maybe she is going to the shopping mall. It must a long wait".

JADE

"Yea, boss said we must take her out on a lonely road, so it won't be easy and quick"

DAVVY

"Yea, we just have to be patient. If they drives into the trap, then we radio ahead and back off the trail".

HAWK

"Yea"

AMELIA CLOSES HER EYES SUDDENLY RUBS HER TEMPLE, SHE IS HAVING A HEADACHE. SHE SAYS TO THE DRIVER.

AMELIA

"Joe, put on a soft music"

(Joe switches on the car stereo and tunes the radio to an easy listen station. Joe concentrates on the wheels and Suddenly an oncoming car at the other right side of the road swerves dangerously and Joe watches with concentration to avoid a collision. The driver of the red car who is a lady steadies the car and in seconds drive pass Joe. Joe shakes his head and smiles. Glances in the rear-view mirror above, Amelia's eyes are closed, as if she is sleeping. She wear a red gown beaded in the front.

BACK TO:

Hawk brings out a cigarette and places it between his lips, bends towards Davvy who lights it for him. Hawk offers one to Davvy but he declines. He asks Jade if he cars but Jades shakes his head. Hawk relaxes to smoke his cigarette. Davvy says.

DAVVY

"We succeeded to kill her husband in a plane crash, now she wants to die by challenging boss".

HAWK

"She is foolish and a bitch. Boss doesn't tolerate those who wants to drag power with him".

JADE

"She doesn't know boss is a wicked Lion who tears opponents to shred".

(They laughs and Davvy says)

DAVVY

"Her husband's death was clean, no complications. Just few drops of dangerous pills and the Pilot dose off in the cockpit".

HAWK

"It was professional and there was no way the police can unravel the course of the crash".

JADE

"Before one could say jack, they disappeared from radar".

(They burst out laughing) The car windows are rolled up, people stares at happy men laughing in a car.

BACK TO:

Joe drives off the road and heads to the parking lot of the shopping mall. Jade too slows some distance away and slowly rolls the car into the large parking lot. They sit and wait. Momentarily, Amelia opens the back door and steps out. Joe waits in the car. She won't be long. Just gone to pick few things in the mall. Joe slides low in the seat and closes his eyes. Music drifts from the easy listen radio station. Jade and his colleagues wait in their own car. Hawk and Davvy side windows are now rolled down.

CUT TO:

Derrick slides of the sofa and picks his cell phone from the table and sits back. He punches Owen's number and waits as it starts to ring. On a second ring Owen picks from the other end.

OWEN

"Hey buddy, how things going?".

DERRICK

"What's up Owen, what are you doing this night?".

OWEN

"Umm nothing, I planned to visit Wendy but I change my mind".

(Derrick picks Olivia's picture from beside him on the sofa and stares at it)

DERRICK

"I am thinking, maybe we go pay Olivia a surprise visit this evening. You know, I haven't set eyes on her since after exams".

OWEN

"Derrick, you are proving to me that you really love Olivia. You are missing her".

DERRICK

"I can't take my mind off her, the more I try to forget her, the more I need her".

OWEN

"Okay, have you told Dave about your plan of driving to her place, this evening?".

DERRICK

"No, will call him immediately we are done talking".

OWEN

60

"Okay, let me know what you agreed with him. I am relaxing at home".

DERRICK

"Okay, thanks friend"

(He cuts call and punches Dave's number. On fourth ring Dave comes on from the other end)

DERRICK

"Hey Sharp guy, what's up?".

DAVE

"Nothing much, buddy, what's up your end?".

DERRICK

"I want you my buddies to drive with me go visit Olivia this evening. How about that?".

DAVE

"This evening?. You must really be hungry to see her".

DERRICK

"Very very hungry. In-fact I am starving".

(They burst out laughing)

DAVE

"Sorry guy, I can't be able to go with you today. I am really going to attend some family matters".

DEERICK

"Or do we go morrow?"

DAVE

"Yea, better. Let's do it morrow".

DERRICK

"Okay, let me call Owen and inform him"

Joe roars the engine to life and slowly reverses. The White Toyota car starts and purrs. Joe levels the gear to drive and rolls out of the parking lot onto the street. Jade reverses and follows from

a good distance to avoid being noticed by the driver of the black Mercedes 4matic 550sl. Amelia relaxes and begins to think her own thought. Joe concentrates on the wheels. Few seconds later, he asks.

KOMODO

"We are close by, we will soon join the street".

DAVVY

"Okay, we are driving back, to avoid being seen and arouse suspicion".

KOMODO

"Okay, see you guys later".

Jade drives and turns and heads back)(In less than five minutes, Komodo and two of his colleagues, Terence and Billy drive onto Catherine street, in a white Land Rover but with another stolen number plate. Billy on wheels and Komodo sits in front, Terence in the back. Komodo says.

KOMODO

"This street is no good for killing, we have to do some trailing to fix her at a good spot".

BILLY

"Yea, it is gonna be a long and patient hunt".

KOMODO

"Let's see how it goes".

TERENCE

"I would prefer it happen when it's dark".

JAVO  
"Come in"

The men file into the office and stand before their boss, Jade closes the door behind. Javo wears a red blazer and black trousers and black body hug, a thick gold chain hangs around his thick neck. The curtain is parted and the window is open to allow fresh air in. He lowers his face to the cocaine on the table and sniffs some, waits a while and cleans off the powder from his nose. He stares at his men and asks in his thick voice.

JAVO  
"How did it go?"

DAVVY  
"We trailed her to Croydon and then Billy and others take over the trail".

JAVO  
"I want it be accomplished today, the bitch must die".

HAWK  
"She must die, boss. It will be easy, she has only a man with her".

JAVO NODS AND PUSHES THE COCAINE FORWARD FOR ANY OF THEM THAT CARES. Hawk and Davvy steps forward and picks some with a finger and sniff.

JAVO  
"Now, go wait in your space while we wait for the news".

Suddenly Hawk's mobile starts to ring, he brings his phone out from his trouser pocket and picks call without checking the caller id. Komodo's voice comes on from the other end.

KOMODO  
"Hello, Hawk. She's travelling towards Kentish town. So it's gonna be a long trail and wait".

HAWK  
"Okay, good. The more light fades, the better".

KOMODO  
"Yea, just to let you know the situation".

HAWK

66

"We are at boss office. Hold on boss  
wants to speak to you"

(Javo signals him for the phone, so he can speak to  
komodo. Hawk hands over the phone to Javo and he says to  
Komodo.

JAVO

"Listen, Komodo, follow her from  
good distance and at the right  
time, axe her and disappear. No  
traces, no witnesses".

KOMODO

"Okay, boss. we're on it".

Javo cuts call and hands over the phone to hawk. He wave them  
off and they file out of the office. He relaxes in his large  
office chair and starts to rock it, eyes closed.

Joe slows the Mecerdes jeep and enters Marsden on  
Kentish. Billy slows from some distance away and concentrates  
on the road. The road is not busy, just few pedestrians walk  
by. Almost no other car drives pass, but some cars park at  
both sides of the road. Suddenly, the mecerdes slows almost  
to a crawl. Billy eases to a stop and Komodo points at the  
Mecerdes Jeep. A young girl walks bay and Joe rolls down the

AMELIA

"Thank you very much. I appreciate".

YOUNG GIRL

"Welcome ma'am".

Joe rolls back the window glass and drives across to the other side of the road and enters onto a street. Shops and offices, restaurants line the front. Billy starts the Land Rover and follows from a good distance, still Joe didn't notice. Down the street Joe drives onto Charles Smith Close. Down the close, an old Georgian house stands some meters away. The closest home to it is about three hundred yards. The Georgian house stands alone at the end of Charles Smith Close. The evening is gradually growing old. Amelia checks her watch and the time says six-thirty.

(Amelia looks disappointed)

Johnson Smith, enters the living room from the toilet and hears his wife talking to someone at the entrance door. He painfully walks to the door and places a hand on his wife's shoulder. Elizabeth slight turns and glances at him, she places her hand on his hand on her shoulder,

JOHNSON SMITH

"Darling, whose at the door?".

(His wife shifts a little from the door and he peers out, he could not see Amelia well from the shoulder of his wife because she is very taller than him)

(Amelia smiles at him and greets)

AMELIA

"Good evening, sir"

FEW MINUTES:EXT

Komodo opens driver door of the Mercedes jeep and makes the slumped body of Joe sit straight behind the wheels as if he is resting his head on the head rest, and gently closes the door and he scans the environment, no one is visible. The close is quiet and deserted. Only them and the parked Jeep of Amelia. Perfect. They quickly walk back to the Land Rover and jump in. Waiting for Amelia to appear.

CUT TO:

Amelia and Elizabeth discuss as Elizabeth sees her off to her car, they smile and laugh as they talk, walking towards the jeep. They like each other instantly. Hawk sees them and taps Komodo who bends to check his shoe. Billy watches silently behind wheels.

TERENCE

"She appears with someone".

BILLY

"No witness, she must die too".

KOMODO

"Start the vehicle and drive close to them".

(Billy starts the Land Rover and slowly rolls it towards the jeep, some feet away he stops as Amelia opens the back door

of her jeep and slides in oblivious of Joe's blood stains clothes and that he is dead)

AMELIA

"Joe, what's the matter with you? drive the car away from here to allow this vehicle pass".

(She yells at the dead Joe, no answer or movement from Joe, she stretches her hand to tap him hard to wake him from his stupid sleep, then she freezes, notices the blood and the wound to Joe's head. She yells in fear, touches Joe and Joe's body falls sideways to the car door. She in panic opens the door and quickly steps out from the Jeep, then she sees the people in the Land Rover. All wear iron masks. Komodo slowly opens the door and steps down and walks towards the terrified Amelia. Elizabeth stops on her track, hearing the pleading of Amelia for her life. She turns to see what's going on, Hawk sees her and opens his side of door and steps down. Pistol in hand.

KOMODO

"Get into the jeep".

(He orders Amelia, who trembles and quickly obeys and instantly enters back into the back seat of her Mercedes Jeep) Komodo instantly shoots her twice on her chest, she dies instantly). Terence quickly walks toward Elizabeth who starts to run back to the house in terror. She cries out desperately for her life. Terence quickly goes after her, he brakes into a slow run and immediately she gets to near her door, her husband throws the door open, on hearing her desperate plea for her life. She manages to get to the patio and at a few feet, Terence pumps two bullets into her and she crashes to the ground dead. Her husband freezes as he sees the masked gunman. He tries to jam the door and run back into the house but it is too late. Terence dashes forward and stops the door from closing. Johnson raises his hand in plea, desperately begs for his life, making farther into the living room backward. He nears the sofa and Terence advances quickly and shoots him point blank to the head at close range and Johnson crashes backward and his head hits against the sofa. His body tumbles over the sofa and crashes to the other side. Dead. Terence quickly heads into the inner part of the house to check for any witness. He quickly scans the kitchen, checks the toilet, no one and he quickly exits without checking the rooms. He runs back to the Land Rover with a fake plate number and slides in. Komodo opens a gallon of fuel and pours some in the front and back seats. He quickly pours some on the Jeep and close to the fuel tank and throws the empty gallon into the Jeep. He hastily enters the front of the Land Rover and Billy starts the engine and starts to reverse. Komodo aims the gun at the Jeep's fuel area and shoots two quick shots and instantly the Jeep ignites fire and begins to burn fiercely. The Land Rover quickly drives off and heads the way. Few seconds an explosion and the Jeep blows up and balls of flame rise up. Komodo and his colleagues quickly remove the iron masks as the Land Rover near the connecting Road. A taxi drives past them

moment they remove the masks. They look away, at the other side, away from the driver and slides pass. The guns and masks are put under the seats and the Land Rover drives away towards another connecting road away from the way they came.

JAVO

"So what do you intend to do?"

KOMODO

"We believe it's better to do away with every evidence. The Rover mainly".

JAVO

"Okay, that's a smart idea. Drive to a lonely road or street and fix explosive to it and let it blow up and burn beyond recognition, destroy the guns, each of you take different taxis home".

KOMODO

"Okay boss, that will be done"

(Javo cuts call and relaxes back to the seat)

GIANNA

"It is a very shocking and disturbing news. Take heart Olivia. I was unable to sleep last night, very sad news".

(Olivia nods, looks very sad) Gianna stands up and goes and brings a cold wine and some wine glasses. She walks back and opens the red wine and pours some for herself and Olivia and Alison. She hands their cups to them and sits back to the sofa. Aida drags furiously on her pipe and blows the smoke away from them and stares at Olivia. She says to Olivia.

AIDA

OLIVIA

"Not yet,my aunties are coming in this evening.We start planning when they arrive".

GIANNA

"Okay,anything I can do to help,don't fail to let me know".

OLIVIA

"Thank you very much".

ALISON

"Olivia,you know I am always ready to do what I can.Let us know what we can do to help".

OLIVIA

"Thank you all".

(She stares at nothing in particular on the opposite wall)

GIANNA

"The killer of your parents cannot go scot free,the must be arrested and face the wrath of the law".

ALISON

"The evil people who killed your parent should be executed if arrested".

GIANNA

86

"Crime is taking over and the police are not finding it easy to curb crime in our cities".

ALISON

"London is becoming very unsafe these days".

(Olivia just listens but not talking, she struggles to hold herself from crying)

A man once lived here as an assistant to Gianna's father".

GIANNA

"My father had workers?".

AIDA

"Yes, then you were still a small baby, about three years old".

GIANNA

87

"I never really know my father".

AIDA

"The man was sleazy but very careful. From my findings, he was responsible for the death of your father".

GIANNA

"What?. How come, what happened?".

AIDA

"He poisoned the drink of your father's driver and the driver and your father got killed in an accident".

OLIVIA

"This is a terrible thing to hear. The man must be devils incarnate".

ALISON

"I am speechless. what an evil man he was".

AIDA

"He is rather, because he still lives".

GIANNA

"Grandma, how did you find out all these?".

AIDA

"My daughter, just listen, time has come for you to know the truth".

GIANNA

"The truth?".

(Aida nods and continues to talk)

AIDA

"After your father's driver drank the poisoned drink, he became sick and couldn't control the car while your father sits at the back seat. The car veered off the road and they crashed into a deep ditch and the car exploded into a big flame and they all got roasted".

(The girls yell and Gianna springs to her feet) Aida stops and closes her eyes with her hands. She shakes her head and stares at the wall.

"Oh my God,I can't believe this".

(Gianna starts to pace in the living room)

AIDA

"Sit down my daughter,we have a lot to talk".

(Gianna sits back and bends low,her hands cups her jaw and places on her knee)

OWEN

"You said,a business associate of your mother had business misunderstanding with your mother,and you heard him threaten your mother.Why didn't you tell the police commander about him?".

DERRICK

"No,I don't want to draw in more trouble by telling the police about him.The police might want to know the business involved and it won't be good if things get off on a wrong footing".

DAVE

89

"As you plans to find your parents killers,how do you intend to go about it,Derrick".

GIANNA

"How did you know my mother did not actually commit suicide?".

(Aida sighs heavily and continues)

AIDA

"A suicide note was found at the foot where the body of your mother hang, by the police, but I doubted it, because my daughter was not suicidal. She was a very strong woman with strong spirit".

OLIVIA

"So what happened next ma'am?".

AIDA

"I hired a private eye and he later came up with some theories that she was actually hanged. The suicide note was not signed".

GIANNA'S HOME:INT

Aida coughs hard and holds her old chest. She coughs again as the girls wait. Finally she says.

AIDA

"From my source, the findings are that, the same man killed Olivia's parents and burnt those people in the car".

(Instantly Olivia shot up from the sofa and grabs Gianna's hand. Tears flows from her check as she starts to cry in pain)

AIDA

"Not easy my daughter, I tried and succeeded in getting the detective I hired killed".

(The girls stare at her, their mouths open in surprise)

OLIVIA

"What happened ma'am?".

AIDA

"The man has a lot of connects, so many security agents, police and informants who works for him. He is very wealthy and well connected".

GIANNA

"Grandma, that still did not answer the question of how or why the detective you hired got killed".

AIDA

"My daughter, the detective I hired, went asking questions, and asked the wrong person, the dangerous man's police friend and the killer got wind of it and they garroted the private eye I hired".

ALISON

92

"The man is really a dangerous killer".

AIDA

"Yes,he's very elusive,has many people covering his track and cleaning his mess".

GIANNA

"Grandma,what is his name and where does he live?".

AIDA

"His real name is Celso,he is Italian, from Trentino Province.But now people know him as Javo".

OLIVIA

"I think we should try a way to get him arrested and prosecuted".

AIDA

"Olivia,this man in question killed your parents and the other two people burnt in the car".

(Looks hard straight at olivia to see her reaction)

OLIVIA

"The man is one that killed my parents?".

"Where does this man lives grandma?".

AIDA

"He has several houses,hotels and clubs, bars here in UK.But from information I got,he has as well many houses in the Caribbean and mexico,USA and Canada,he can fly anywhere with his private jet".

ALISON

"The man deserves to be in jail".

AIDA

93

"Yes, but arresting him is the problem. He is highly connected with people in authority, several security chiefs are in his payroll. Talking to a police officer about him is like confessing to the killer himself as a Reverend father during confession".

GIANNA

"Oh my God, what do we do then? We must do something to get this man".

AIDA

"Well, my daughters I want you to relax. I talked to my brothers about him".

GIANNA

"Your brothers?".

AIDA

"Yes, I am from a mafia family from Sicily. I spoke to my brothers about Celso and they promise to send some of their best men to come hunt for him".

Few seconds later, he comes out and takes to the stairs to the restricted area. Aldo beckons the barman and drops two fivers on the table and stand. Suddenly more customers pours into the club and some head to the bar while some to the club. More men and women. The bar becomes busier and noisier. Angelo opens the door of the restricted area and slides in, closes it gently behind him. Instantly the entrance door opens and one of the bouncer steps into the bar. He stands and scans the bar and steps out again.

UPSTAIRS: INT:

Luca gently eases himself into the long corridor and stops and hides behind a wall. That moment Hawk walks off down the hall, his pistol drawn. Luca peers out again and Billy's back is visible. He instantly shoots Billy at the back and Billy's long gun falls from his hand and clatter on the floor. Billy crashes to the floor, dead. The gunshot is muffled by the silencer. Javo picks the noise, he quickly rolls off the bed and grabs his shirt, hastily throws it over him. The girls on the bed looks at him in surprise. He signals them to remain there and keep quite. He goes to a drawer by the corner and pull out a Heckler and Koch p7 9mm, traded for a silencer and gently opens a connecting door into the room. Another door opens into the end of the corridor before the door Jade stands guard. Luca sneaks and pushes the door of Javo's suite open instantly and points the gun at the girls and they yells out in terror and spring out of the bed naked only for their pants. Luca asks them,

LUCA

"Where is he?"

(Waves the gun at them)

(The blond points at the door through which Javo enters)

Luca enters properly and waves the gun at the girls to lie flat on the floor. He sneaks to the connecting door, his barretta pointing to it. He slides to the side of the wall and gently pushes the door open, expects gunshots to sound out from inside.

BACK TO:

AT THE DOOR: INT

Angelo gently pushes the connecting door into the long corridor open and slides in. His pistol in his hand. He sneaks to a door and tries to push it in with the muzzle of his gun but it refuses to open. He sneaks to another door by his left and pushes it open. It creaks inward and no one is in there. Only a sofa, bed and a television.

CUT TO:

Javo sneaks out from his suite and carefully descends the stairs to a connecting door. Immediately Jade sees him. Javo signals Jade to wait and cover the connecting door. Jade with his own pistol in hand steps to the connecting door and waits as Javo gently opens the back door and beckons Jade to follow. Two of them instantly begin to descend the steps into the backyard of the house. Javo grabs the bolt and door handle and slides the bolt free and gently opens the iron door and both of them slides out the house into the backyard. They hastily get to an iron gate which opens to a street and Javo slides his pistol behind him, between his belt and Jade puts his own back into the inner pocket of his

blazer. Jade opens the iron gate and Javo steps out and Jade closes it gently and locks it from outside. They hasten up to a parked black Bentley and Quickly unlocks the doors and Javo yanks the back door open and slides in and Jade falls in behind the wheels. He starts the car and drives off and heads away from the vicinity.

Angelo slides behind a wall and listens briefly, no sound except the music playing from downstairs inside the club and the muffled gunshot he heard. He gently pushes the door open and it makes a creaking sound. His gun ready in hand, he steps out and scans the hall and sneaks to Javo's door. The girls already struggled into their dresses and gently about to sneak away from danger. Instantly as they get to the door and the brunette tries to grab the door handle, it opens to their faces and they yell in terror and run back. Seeing Angelo step in with his pistol, ready to shoot. Angelo enters fully and motions to them to keep quiet. He sneaks to the side of a wall, and with the silencer on the muzzle pushes the door in first and slides into the open door which leads into Javo's master bedroom. He quickly scans the room and the ruffled bedding and checks the bathroom, no one, He gently pushes another door which opens to a stairs that descend downward. Just that instant Hawk enters through the sitting room and the girls see him. He touches his lips to signal them to keep quiet. He sneaks into Javo's room, seeing no one, he heads to the connecting door. Another connect to the left which leads to an exit door. Angelo opens the door slowly and just that instant, Hawk appears and shoot Angelo at his shoulder before Angelo can notice him and react. Angelo yells in pain and his gun flies off from his hand and clatter on the hard floor, some distance away. Another shot at the back right thigh of Angelo and the pain shoot up to his head. Angelo cries out more in pain and slumps backward, to his buttocks. Hawk gradually descends towards him and glares at him.

BACK TO:

One of the bouncers enters through the entrance door and stands, then scans the bar. He quickly takes to the stairs to Javo's suite in twos and opens the connecting door that leads into it. Seeing no one, he heads inside. Down stairs in the bar, Aldo rises instantly and looks at the barmen who are

busy making jokes amongst themselves. People in the bar concentrates on their drinks. Aldo takes the stairs in two's and immediately he gets to the connecting door, he gently pushes in and slides in, immediately pulls out his pistol with a silencer screwed to the nuzzle. He tip-toes towards the deeper part of the corridor which has doors connecting from both sides. Suddenly in front, few feet away, someone grabs the door handle and Aldo slides to the side of the wall and waits. The bouncer opens the door and comes out, brings out a gun from his black leather jacket. He heads to another door and Aldo puts his head out and see him turn left. Aldo cautiously heads the same way, his pistol ready in hand to fire. He suddenly hears footfalls coming back his way. He stops and hides into an open door. Te bouncer appears, heads past the door where Aldo hides. Aldo sneaks out and pumps two bullets into him from the back. He crashes forward, and his gun drops from his hand. He grunts and lies still, dead. Aldo turns and walks few steps and suddenly a shot rings out, he crashes to the floor, blood flows from his chest. Hawks steps out from behind a file cabinet that stands beside the dead end of the corridor. He quickly checks Aldo's suit pockets for any identification. Seeing nothing, he brings out his phone and places a call across to Javo. On second ring, Javo comes on from the other end.

JAVO

"Yea, Hawk, what's the situation".

HAWK

"Boss, three of the intruders are down".

JAVO

"Oh good"

HAWK

"Boss, one is badly injured, I am thinking of bringing him over for interrogation".

He cuts call and walks back to where Angelo lay in pain.Few seconds later,Recluse enters into the space sees th body of Slicer on the floor,he touches it and quickly withdrawls a pistol from the pocket of his red jacket. He looks further the long corridor and sees another body.He slides into a room through and open door and waits to think.Suddenly the girls sneaks out from Javo's suite heads towards the entrance door.Recluse hears them and steps out,his gun points at them. He says to them,

RECLUSE

HAWK

"Let them go,they are boss girls and are no threat".

(Recluse drops his hand to his side and the girls breathings relax a little)

HAWK

"Now,go to the left wing and wait.Boss will send someone to come pick you up".

Hawk and Recluse bundle Angelo and put him in the boot of a car and Komodo drive them to Crocodile creek. Minutes later, the white Honda pulls into the driveway of a big house and rolls through an iron gate. It pulls to a stop few distance of a garage door. Magic man appears from a corner of the house and amble towards the just arrived car. Hawk alights from the passenger side and Recluse slowly rolls out from behind the steering wheel. The night is young and cloudy. Cool breeze blows, caressing the flowers and a pine tree that stand at far left end of the big compound. The large mansion is on a large acre which is set very far back from the front line buildings. It sits on its own and no other house is seeing within a one thousand yards. Hawk walks to the back of the car boot and opens it. Angelo curls in the boot. He looks up from inside. Magic man gets to the back of the car boot and helps Hawk lift Angelo out of the boot. The garage door slides open as they walk to it. They enter through the door and a connecting door opens from inside. Terence steps aside to allow them in. Recluse follows some distance. Hawk and Magic Man enters another door and enters into an empty room. An empty chair stands at the center of the room. Hawk and Magic man puts Angelo on the seat and tie his feet to the chair and his hand behind the chair. Angelo grunts in pain. Suddenly a door opens at the far side of the room and Javo emerges. He walks to them, Jade behind him. Javo stops before Angelo and his men steps away. He asks,

JAVO

"So this's the man who has the gut to invade my club?".

(The question hangs in the air)

(Some parts of Angelo's shirt and trouser are soaked with blood. Pain paralyze his injured leg and hand. Javo glares at Angelo and asks,

JAVO

"Who sent you to kill me?".  
(No answer)

JAVO

"Did I ask someone a question?".  
(Voice raised in anger)

MAGIC MAN

"Boss, he may not talk, unless he is ruffed up".

(Angelo's head drops to his chest)

"Make him talk. I will be waiting  
for his answer".

He walks off and re-enters the other room.

(His men roars into laughter but Javo smirks, drags his cigar and blows smoke into the air) Behind the door, Barbra listens attentively. She's afraid, and her legs shake. If someone opens the door on her, she's a goner. Javo drags on his cigar one more time and looks at his excited men. He raises his hand up and silence falls across the room. The cab slows and enters a rough road which leads to Crocodile creek. Barbra sits straight and looks out the window as the cab drives onto a narrow rough road. A big white house comes into view some distance away.

BARBRA

"That's the house over there, be careful. Park your cab away from the road when we get there".

CAB DRIVER

"You hiding from someone. Hope someone is not playing James Bond here".

BARBRA

"Come down, I would need your help".

(The driver stares at her and she pleads to him, the cab driver opens his door and steps out)

BARBRA

"Please, no talking, be careful. Things could be dangerous".

CAB DRIVER

"Hey, old lady I don't know what you are about to do, but I have a feeling you might put me in harms way".

BARBRA

"Please be quiet, we are just going to help rescue someone".

"Don't shush me, thought you said  
you were going to help your brother  
who is ill?".

BARBRA

"Please let's go, it's not safe  
wasting time, standing here  
arguing".

(Reluctantly the cab driver complies and they follow the left side covered with shrubs. They bend as low as they can and sneak towards the huge white mansion at crocodile creek. Few minutes later, Barbra gets to an iron door at the back of the house. The back of the house has trees, brush and there is a brook which flows slowly between a valley. No other house but brush. She tries to push it in gently but it is locked from inside. The iron fence is high up about ten feet high. The cab driver cuts his eyes in all direction. The surrounding is quiet and only a voice of a singing bird can be heard some distance. Barbra turns to the cab driver whose name is Victor and motions to him to seat on her shoulder. She instantly squats low for him to climb. Victor is younger, of late thirties, he is not fat but trim. He sits on her shoulder, her neck and head out between his crotch. Barbra gabs his legs and steadies her balance and gradually lifts Victor up. She shakes under his weight but courageously holds on. She steps closer to the fence and Victor stretches his hand to grab the top of the fence but it is still not within reach. He manages to get hold of a single iron which is welded to the upper part of the iron gate. Holds it with every determination, he manages to pull himself up a little and Barbra offers her shoulder again for him to stand on them. Victor drags himself painfully up and grabs the top of the iron fence. He climbs and drops to the other side of the fence. The gate is bolted from inside. Victor quickly unbolts it and opens the gate gradually. It makes a creaking sound and he anxiously cuts his eyes in all direction as Barbra slides through. She signals him to follow and he obeys and they sneak to a door at the back of the building. She opens her small purse and brings out a single key and inserts it into the keyhole and turns it. It yields and opens. She pushes the door inward and slides in first, followed by Victor. Inside, she pulls the door to close it a little but did not close it completely. She walks into a smaller space and pushes a door in and it opens inward. She steps in and Victor follows her as she begins to climb a tiled stair case. At top of the stairs, she turns left and heads to another connecting door. She enters and turns right. A door in her front is closed, she tries the knob and it turns and opens outward. Another stair runs down to large space which has two doors connected to it. They gently sneak down the stairs and suddenly someone coughs at the foot of the stairs. They stop abruptly in panic. Suddenly the person returns to heavy snoring. Barbra waves Victor to follow as she sneaks further down the stairs. At the foot of the stairs, no one is there, they gently tip-toe to a connecting door by the right. She looks in and Recluse lies sprawled on the floor, and empty bottle of brandy lay by his left foot, remnant of cocaine on a spread kerchief lay by his

right side. Recluse snores heavily and suddenly turns to his left side and Barbra slides by the wall in fear and waits, then Recluse resumes his snoring. A door is slightly open some feet away at the left side. Barbra sneaks to it and slides through the opening and Victor does the same. A man is tied to a chair and his hands are tied at his back across the chair and his feet are bond together in the front. His head bends low to his chest and dried blood stains on his left trouser and his right hand. His suit is rumpled. Only a single light bulb is on in the large empty room. No window, no fan. Barbra hastily walks to him and starts to untie the rope used to bond him. Angelo softly groans in pain, he slowly opens his eyes and Barbra puts her finger across her lips as sign to keep quiet. Victor starts to loosen the rope from his feet while Barbra undo the one on his hands. Few seconds on, the rope lay on the floor. Victor gently lifts Angelo and hoist him to his shoulder and Hastily heads out the way they came. Barbra gently follows. At the foot of the stairs, Victor waits a little and seeing that Recluse is still deep in sleep and seems to remain so a long time. He starts to climb the stairs with Angelo on his left shoulder. Barbra quickly follows as the ascend the stairs. In few seconds, they are at the iron gate, Victor opens it and steps out into the back and Barbra gently closes the connecting door and locks it with the single key and gets to the iron gate. She slides out and draws it close and quickly follows Victor who is already heading to his cab. They wade through the shrubs and gets to the cab and Barbra opens the back door and helps Victor lowers Angelo to the back seat of the cab. She quickly enters into the front seat and Victor opens the driver's door and slides in. Starts the car and starts to revers.

Jade sits behind the steering wheel, his eyes covered with a sun glass and a fedora cap sits on his head. Terence gently closes the door and walks across the street, he scans th street and no car is driving in site. Nobody is walking by. He quickly walks to the gate and pushes it and it yields inward. He slides in and heads to the back of the house. He gets to the back of the house and from his pocket brings out set of hand gloves and wears them on his hands and pulls out set of lock pick. He brings out an L shape picks and slides it into the lock. He pries it until it clicks open and he turns the handle. He steps into the house and closes the door a little. A staircase runs up to the house. It is dark as no light is on. He starts to sneak up the stairs gently and carefully, trying not to flip anything. He slowly gets to the top of the staircase and opens a door by his right and it makes a little rusting sound. He stops and listen, no movement or noise coming from inside of the house. He enters through the door and scans the place. A door opens at his left and he slides in through it and enters into a big room with beautiful furnishing. He tip-toes to a door that is at the right and grabs the handle and turns it. It opens and he gently pushes it in and slides in. Aida is sleeping on her bed, coils up one side of her large bed. Terence puts his hand and removes a nylon rope and wraps it at both hands. He approaches the bed and gets to the foot of the bed, he stands and watch Aida snores. He walks to the side of the bed and gently taps her, she stops snoring and slowly opens her eyes and tries to get up, in panic. That instant, Terence wraps the rope around her neck and pulls at both ends. Aida weakly struggles for breath, claws at her Assailant's thick hands but the rope gets tighter and she gasp for air but Terence intensifies his effort. Aida's hands start to drop to her side, her face begin to contort as she makes a last effort to fight for breath. can link us to the assailant, hair  
fiber, finger prints, anything left  
behind by her killer while making

towards Derrick for physical combat) In anger he throw first

punch and Derrick dodges it and dances away from him. Derrick throws his punch but Javo's punch hits him to the face. Derrick staggers and falls to the ground. He quickly springs up and poises to throw another punch. Javo in anger-rushes him and dives below to Derrick's stomach. Javo's head hits Derrick and throws him backward to the ground. The pain shoots up his body and he grabs his stomach, flat on his back. With dogged determination, Derrick jumps up and kicks Javo hard on the face as Javo rushes to grab his neck. Javo painfully falls backward. Olivia and Gianna step down from the wooden bridge and try to sneak aside. As Javo falls backward, he quickly rises and from the pocket of his jacket, he withdraws a pistol and points it at Derrick. Derrick freezes instantly, his leg weakens. Olivia hides behind Gianna and bends and removes a switch blade from her pant and flips it open. Javo raises the pistol and aims at Derrick. Olivia holds the tip of the blade and with all her strength throws it at Javo's chest. The blade angrily pierces in and plunges deep into his right heart. Derrick notices what happens and quickly dives away to the ground as Javo fires two shots and falls to the ground. The gun drops off his hand and falls a distance away. Blood starts to gurge from his chest. Javo tries to pull out the blade but his strength is rapidly leaving him. Suddenly Alison appears from the left side of the bush and points a pistol at Javo and fires twice and Javo falls back to the ground, dead in pool of his own blood. Derrick runs to Olivia and hugs her tight. Olivia hugs him too. Derrick looks up to her face and says to her,

OLIVIA

"The same reason that brought you here".

(He hugs her tighter and she allows him. suddenly he kisses her and she continues to hug him and not wanting to pull away, instead she kisses him back and smiles to his face.
